

Opening Night Eve Address

Hello All,

First of all, I wanted to send out an apology to all parents for our overrun of the schedule tonight. Luckily, many cast members followed the instructions on the rehearsal schedule from Sunday and brought a snack to eat after school. Due to our overrun of 30 minutes we ordered pizza for the students to eat something while we delivered notes. At any rate, thank you for being so understanding for the delayed end time. We thoroughly appreciate it!

In other news, **we have an opportunity for 2-3 cast members**, and I'd be EXTREMELY GRATEFUL if you volunteer to complete this task. **We are in need of some artistic individuals to complete this production's show boards.** All supplies will be provided for you, and you may take them home after school tomorrow to complete them if you like. However, we do need them in time for tomorrow night's performance. If you are willing to help us complete this task, please see me before school starts tomorrow. THANK YOU!!!

Finally, after six LONG weeks, we have arrived at the eve of opening night. Thank you, EVERYONE, for your hard work, dedication, good spirits, and enthusiasm during an amazing rehearsal process. I am UTTERLY PROUD of each and every one of you. You have come together to generate an amazing production, and I hope you are as proud of this show as I am. I cannot wait for you to have the opportunity to share the fruits of your labor with your family, friends, and the community at-large. Tonight, get some sleep. Try to catch up on some of your homework. We'll have a little time for rest after school tomorrow. In the evening, we'll play.

Greene
